

COMMERCIAL VAN WINTER TIRE

The Toyo H09 is a winter tire designed specifically for the daily usage of modern commercial vans owned by fleets and vehicle owners who require excellent traction in winter weather conditions. The Toyo H09 has a fully integrated suite of technology that enables superb winter performance in deep snow, icy roads, and cold temperatures while the reinforced construction meets the daily demands placed on these vehicles.

POPULAR FITMENTS

Modern commercial vans such as Ford Transit.

Mountain Snowflake qualified for severe snow conditions.

WIDE SHOULDER & LATERAL VOIDS

- Enhanced tread pattern enables high traction in deep snow.

HIGH-DENSITY SIPING

- Improves traction on icy roads.

REINFORCED BEAD CONSTRUCTION

- Provides enhanced durability for modern commercial van specific applications.

WINTER DESIGNED COMPOUND

- Optimized for performance at cold temperatures in winter conditions.

FOUR CIRCUMFERENTIAL GROOVES

- Provides improved snow performance.
