

SUPER REGIONAL ALL POSITION TIRE

The NanoEnergy® M171 super regional all position tire complements the M671 super regional drive tire. Working together, these tires are specifically designed to provide exceptional fuel efficiency, superior traction, and long, even wear within demanding 500 mile radius operations. A uniform cap and base compound developed through Toyo's Nano Balance Technology results in exceptional fuel efficiency and resistance to irregular wear, while advanced design reduces strain at the bead area and belt edge to deliver long life.

M171

MAXIMUM FUEL EFFICIENCY

- Uniformity of the cap and base compound increases fuel efficiency and provides long, even wear.

EXCELLENT REMOVAL MILES

- An advanced tread design provides good traction and a smooth ride.
- A wide belt package minimizes growth of the tread profile and maintains a flatter tread radius.

EXCEPTIONAL RETREADABILITY AND CASING DURABILITY

- E-balance technology retains the tread profile while reducing strain at the bead area and belt edge.
- Stone ejectors prevent casing damage.
- Steel chafer bead improves durability and retreadability.
